

# BasketMath V3

the Math practice Test  
in Basketball Game format

**Prepare for Standardized Tests**

**Results indicate areas needing instruction, review, or practice**

**Colorful 3D Graphic Animations and Sound**

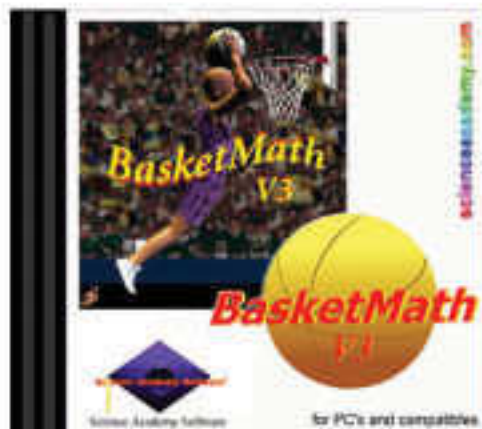

**Ages 7 and up [Grades 5-10] and general audiences**

*How well your children do on standardized school tests matters. Give your child a game that helps them practice math questions given in tests.*

*In BasketMath, a math practice test, the object of the game is for the home team, the student, to score more points than the visiting team. For each question answered correctly, music plays and a color animation of a successful goal shot and increase in home team's score. With each incorrect answer the correct answer is displayed and an animation of a missed basket--the visiting team then scores.*

*Each question is randomly created. Ideal for drill and practice.*

The game tests the following math concepts:

- 1 Addition of Whole Numbers
- 2 Subtraction of Whole Numbers
- 3 Multiplication of Whole Numbers
- 4 Division of Whole Numbers
- 5 Writing Numbers
- 6 Verbal Arithmetic Reasoning
- 7 Banking Word Problems
- 8 Signed Number Addition
- 9 Evaluating Simple Algebraic Expressions
- 10 Order of Precedence
- 11 Determining Quantities-Purchasing
- 12 Rounding Numbers
- 13 Numbers in Sequence
- 14 Determining Costs-Multiplying Decimals
- 15 Determining Inequality
- 16 Verbal Subtraction-Purchasing(Decimal)
- 17 Decimal Multiplication
- 18 Reduce to Lowest Terms-Fractions
- 19 Fractional Proportion
- 20 Solving Fractional Algebraic Equations

**Educational and Entertaining**

BasketMath V3 [General Audience Edition] is based on questions given on standardized test questions of many grades. Standardized tests include CAT (California Achievement Test), RCT (New York State Mathematics Regents Competency Test) and CO-OP (Cooperative Admissions Test). This software is suitable for grades 4-10 and can be used to help students practice some of their Basic Skills math concepts of the G.E.D., TABE and other standardized tests.
